Re: **Item A-5: 2025 NC Building Code Council**
 Appeal Hearing Dates

The Council has typically set aside four scheduled dates each year to hear appeals. Although the makeup of the membership of the Council will largely (if not entirely) be different in 2025 due to recent legislative action, I would recommend that the Council schedule appeal dates next year because the Council received a new appeal last month that that will be heard in 2025. A Hearing Room will be reserved for each appeal date.

In conformity with the Council’s prior practice, the appeal dates should be scheduled to occur on the final Wednesday of January, April, July and October.

Appeal Date (Wednesday 9 AM)
January 29, 2025
April 30, 2025
July 30, 2025
October 29, 2025
