3 **11 NCAC 08 .0734 RESIDENTIAL CHANGEOUT INSPECTOR**

4 (a) Qualifications and types:

5 (1) A residential changeout inspector shall be authorized to inspect the replacement of a residential  
6 appliance as described in Subparagraph (2) of this Paragraph for one-and-two family dwellings, and  
7 individual residential units of condominiums and apartments provided the individual residential  
8 appliance serves only that residential dwelling unit.

9 (2) A residential changeout inspector may inspect the replacement of heating and air conditioning  
10 appliances and water heaters, provided that all of the following apply:

11 (A) the new appliance requires no alterations to the existing ducting, fuel type, ~~venting~~, or  
12 piping systems other than that required for transitioning to the new appliance;

13 (B) any venting associated with the new appliance shall be allowed to be installed, replaced,  
14 and repaired where such venting does not pass through a rated assembly;

15 (C) any new gas appliance shall be of the same category as the appliance being replaced;

16 ~~(B)(D)~~ the new appliance does not require relocation, excluding minor adjustments in the same  
17 general vicinity;

18 ~~(C)(E)~~ the installation of the new appliance does not require the relocation or addition to the  
19 existing electrical system, except the replacement of the appliance's branch circuit  
20 overcurrent device, or the replacement of the appliance's branch circuit where such circuit  
21 does not pass through a rated assembly shall be allowed; and

22 ~~(D)(F)~~ the electrical branch circuit serving the appliance is single phase.

23 (b) The inspection performance log referenced in this Rule is available on the Office of State Fire Marshal website.  
24 The inspection performance log shall describe the criteria for authenticating the applicant and supervisors'  
25 qualifications, and the inspections performed.
