TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

TEST QUESTION SCREEN

The “function bar” at the top of the test question screen provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top

The screenshot shows a test interface with a top navigation bar containing icons for Mark, Comments, Goto, Help, and End. Below the navigation bar, a status bar displays: Question: 3 of 40, Answered: 2, Unanswered: 1, Marked: 0, View: All, Time Left(Min): 359. The main question area contains the text: "3. What do the stars on the United States of America's flag represent?". Below the question, it says "(Choose from the following options)". There are four radio button options: "1. Presidents", "2. Colonies", "3. States", and "4. Wars". At the bottom of the question area, there are two buttons: "<< Back" and "Next >>".

of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

In order to schedule a review, you must call PSI at (855) 807-3991 to make an appointment. You must schedule the review within 30 days from the failed test date. There is no separate fee for the review. It is included in the exam fee.

During the review candidates will be presented with the questions the candidate incorrectly answered during the examination on a desktop computer. The candidate will not be given the correct answer to the question. The purpose of the review is to allow the candidate to self-research the question to determine why the answer they selected was incorrect. If the candidate feels that there is an error in the question, the candidate may comment about the question during the review by using the provided Examination Review Sheet. If a candidate chooses to challenge a question, all supporting documentation, such as the reference section and an explanation, must be given regarding the chosen response. The Exam Review Sheet and a copy of the challenged test questions will be submitted directly to the Board.

You will not be permitted to take any notes out of the review session. There is no charge for the examination review. You will have 1 ½ hours for the entire review.

- If you **pass**, you will immediately receive a successful notification letter.
- If you **do not pass**, you will receive a letter that includes a diagnostic report indicating your strengths and weaknesses by content area.

DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing scorereport@psionline.com or by calling (855) 807-3991.

TIPS FOR PREPARING FOR YOUR CERTIFICATION EXAMINATION

The following suggestions will help you prepare for your examination.

- Only consider the actual information given in the question, do not read into the question by considering other possibilities.
- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.
